AgriPOWER **Silvan**
Farm Machinery

Spring Spraying & Farm Equipment - 12 Page Lift Out 2020

Since 1945, Nobili has been at the forefront of mulcher design and development. Stringent manufacturing processes ensure a very long service life in the most demanding environments. Silvan Australia has been Nobili's distributor since 1998 and proudly sell and support Nobili's unrivalled range of models.

Mulcher's cut grass, orchard pruning's and heavier organic material repeatedly resulting in a finer residue that decomposes quickly into humus, improving soil quality. Mulchers can be used in a wide variety of applications including: general clearing, crop residue management, pasture topping, orchards, vineyards, parks & gardens as well as roadside maintenance.

BPR SERIES

The Nobile reversible BPR series mulchers are multi-purpose machines ideal for pasture topping with double hitch that fits to the front or rear of the tractor and hydraulic side shift. Suited to tractors up to 175HP with cutting height maintained by rear roller.

- Grass mowing and green prunings up to 75mm in diameter
- Low profile body, no opening tailboard
- Hydraulic side shift
- 2095, 2374, 2793 & 3034mm working widths

Breviglieri has a long history of innovation and development of top quality tillage machinery. Since 1949, Brevi have pursued and achieved continuous product innovation. The quality of their rotary hoes & power harrows speaks for itself. Silvan Australia has been proudly promoting the Brevi range since 2010. Breviglieri rotary hoe's & power harrows are engineered to suit tractors from 10 to 400 HP. Silvan Australia stock Brevi rotary hoes from 85cm to 6.3m folding machines. Power harrows from 1.5 to 7m working widths are also offered. All Brevi machines are designed & engineered for optimal results and efficiency.

Fertiliser Spreaders

DCM have a long history in the production of fertiliser spreaders. In more recent years there has been an increased focus on innovation and new technology to further develop their precision spreader range. The DCM range of twin spinner spreaders covers specialised horticultural applications through to high capacity broadacre applications with on-board weighing systems.
