CLAAS XERION 12 SERIES

544 – 653 HP TRACTOR

- ▶ Mercedes-Benz 15.6 L engine with impressive maximum output of up to 653 hp
- ▶ Stronger profitability due to low fuel consumption, low maintenance and wear
- ▶ Stronger pulling efficiency thanks to high torque, large contact areas, optimal 50:50 weight distribution under all operating conditions and powerful hydraulic power
- ▶ Greater comfort thanks to the large, four-point suspended cab with excellent all-round visibility, rubber-damped TERRA TRAC track units and comfortable steering behaviour
- ▶ Stronger assistance via CEBIS, CMOTION, CEMOS and GPS PILOT CEMIS 1200 digital automation
- ▶ 12.540 model available with 900/60 R42 single tyres or TERRA TRAC triangular crawler units, 12.590 and 12.650 models available with 800/70 R42 dual tyres or TERRA TRAC triangular crawler units
- ▶ Up to 537 L/min hydraulic power with up to eight spool valves

CLAAS XERION 5000-4200

462 – 530 HP TRACTOR

- ▶ Six cylinder; 10.7 or 12.8 L Mercedes engine up to 2600 Nm torque with max output from 462 hp to 530 hp
- ▶ 'Low speed – high torque' concept gives up to 2600 Nm torque at 1300 rpm
- ▶ Continuously variable transmission
- ▶ 50 km/h for rapid transfer between fields
- ▶ Four equal-sized tyres, up to 2.22 m diameter for perfect traction
- ▶ Ergonomic operating concept with innovative multifunction control lever
- ▶ Long service intervals and easy maintenance access
- ▶ Fully reversible cab available as an option
- ▶ Automatic Tyre Inflation System available as option

3 YEAR 3000 HOURS WARRANTY

TESTIMONIAL VIDEO

CLAAS AXION 900

329 – 423 HP TRACTOR

- ▶ Six cylinder 8.7 L FPT engine delivers up to 1760 Nm torque at 1400 rpm for optimal fuel efficiency without the need for AdBlue
- ▶ Up to six spool valves and 220 L/min hydraulic capacity
- ▶ CMATIC continuously variable transmission with REVERSHIFT clutchless reverser
- ▶ Compact design, long wheelbase, tight turning circle, and balanced weight distribution for maximum manoeuvrability and drawbar pull
- ▶ 6.5 t front linkage and front PTO available
- ▶ CEMIS 1200 Steering System available as option

CLAAS AXION 900 TERRA TRAC

355 – 445 HP TRACTOR

- ▶ Super-efficient six cylinder 8.7 L FPT engine with Stage 5 emissions control technology with low engine speed and high torque
- ▶ Continuously variable CMATIC transmission
- ▶ 457 mm, 635 mm and 735 mm track widths and optional 3 m spacing
- ▶ 12" CEBIS touch with ISO UT
- ▶ Compact 7.75 m turning circle
- ▶ CEMIS 1200 Steering System available as option

CLAAS AXION 800

205 – 295 HP TRACTOR

- ▶ Six cylinder, 6.7 L Stage 5 FPT engine provides full torque in a wide engine speed range
- ▶ HEXASHIFT powershift transmission or CMATIC Continuously Variable Transmission provides efficient conversion of engine power
- ▶ Cab with CEBIS, CIS+ or CIS
- ▶ Ergonomically designed cab with excellent visibility
- ▶ Four point comfort cabin suspension for maximum comfort with front axle suspension

CLAAS ARION 600

145 – 205 HP TRACTOR

- ▶ Six cylinder 6.8 L with CLAAS Power System
- ▶ HEXASHIFT powershift transmission or continuously variable CMATIC transmission
- ▶ CIS, CIS+ or CEBIS operator control
- ▶ Four point comfort cab suspension
- ▶ Option 50 km/h max speed
- ▶ Up to 150 L/min load sensing hydraulics
- ▶ CLAAS leading comfort systems

HOT DEALS FOR SPRING

CLAAS ARION 620C with FL120C loader

140 HP TRACTOR

- ▶ Six cylinder 6.8 L with CLAAS Power System
- ▶ QUADRISHIFT transmission 16x16
- ▶ Four point comfort cab suspension
- ▶ Up to 98 L/min hydraulics
- ▶ Three mechanical spools

**BE QUICK — ONLY 10 MACHINES
AVAILABLE AT THIS PRICE!**

UPGRADE TO 630C
15 HP EXTRA FOR ONLY \$2,000

CLAAS AXOS 300 with FL80C loader

75-102 HP TRACTOR

- ▶ Four cylinder 4.4 L Tier 3 turbocharged engine with mechanical injection
- ▶ 20x20 transmission with REVERSHIFT & TWINSHIFT
- ▶ High ground clearance
- ▶ Two PTO speeds — 540 & 1000

CLAAS ARION 430CIS with FL100C loader

130 HP TRACTOR

- ▶ Four cylinder 4.5 L Tier 3 engine with CLAAS Power System
- ▶ QUADRISHIFT transmission 16x16
- ▶ Up to 98 L/min hydraulics
- ▶ ELECTROPILOT joystick
- ▶ Two mechanical & two EH spool valves

CLAAS DISCO MOWER

CLAAS DISCO front, rear, trailed and combination mowers are designed to withstand maximum loads while consistently delivering a top-quality cutting result. Easy to use, they maintain outstanding efficiency with minimal power requirements.

- ▶ Top chop quality with the MAX CUT mower bar on all models
- ▶ Smooth running even at high driving speeds
- ▶ Innovative bolt concept for maximum deflection and impact resistance, even under extreme loads
- ▶ ACTIVE FLOAT and drive concept designed for low fuel consumption and maximum forage quality
- ▶ SAFETY LINK reliably protects the drive train, and is quickly replaced when required
- ▶ **NEW** 1010 model boasts an impressive 9.9 m working width – the widest mounted mower without telescopic booms on the market
- ▶ **NEW** 9700 model with up to 9.5 m working width. New swing arm mounted to enable the change of overlap between front and rear mowers on the go by up to 35 cm per side!
- ▶ Different versions with tine or roller conditioner and AUTO SWATHER swath grouping are available. The roller conditioner option comes with a newly designed double roller drive which enables the machine to handle yields of up to 60 t/ha and tractors up to 500 hp

CLAAS VARIANT 500

- ▶ **NEW** variable bale diameter of 0.9 – 1.6 m (560 / 565) and 0.9 – 1.8 m (580 / 585)
- ▶ **NEW** SMART DENSITY baling intelligence for improved bale formation and shape, a real soft core and easy customisation of bale settings based on the individual field conditions
- ▶ **NEW** XW binding system provides more comfort, more reliability and easier setup for a high quality bale presentation
- ▶ **NEW** ROTO CUT with 17 knives for VARIANT 565 / 585
- ▶ **NEW** adjustable chain lubrication system with integrated filter to prevent contamination ensures reliability in the long run
- ▶ **NEW** wide tyre offer for all kinds of applications and harvesting conditions
- ▶ 4 star Active Rotor in 360° placement provides optimal cutting and crop spreading with a forced bale start
- ▶ 3 m/s belt speed for high density at high speeds and fastest binding
- ▶ Fast bale discharge within six seconds
- ▶ Ability to reduce speed on 1000 RPM machines provides fuel saving while keeping throughput and density
- ▶ Plug and play camera solution to display the PROFICAM 4 picture in the CEMIS 700 terminal

THE PERFECT BALE

Secure your new baler with finance from 1.99% on a 48 month term.

*Standard CLAAS Financial Services lending criteria, terms, conditions and fees apply. 1.99% p.a. on CLAAS Balers requires a minimum 30% deposit followed by monthly repayments over 48 month term. GST back in month 3. Offer applies to in-stock or on order new CLAAS Balers only. Offer valid on equipment delivered by 31/12/2024 or while stocks last. If finance base rates move by more than 0.25%, CLAAS Financial Services reserve the right to re-quote. ABN holders only. Images illustrative only.

CLAAS TORION 1611P-1611 WHEEL LOADER – MEDIUM SERIES

- ▶ Engine output from 207 – 258 hp
- ▶ Operating weight from 15,200 – 15,810 kg and tipping load from 9,400 – 10,250 kg
- ▶ Working hydraulics 200 L / 350 bar
- ▶ The machine's ideal weight distribution allows you to handle materials even more efficiently
- ▶ SMART LOADING speeds up your loading cycles thanks to automated loading functions
- ▶ The infinitely variable VARIPOWER ground drive lowers your fuel consumption substantially
- ▶ DYNAMIC COOLING provides demand-driven cooling with low service requirements
- ▶ The cab offers excellent comfort for long days at work
- ▶ 360° visibility allows you to work safely in all conditions

CLAAS TORION 1913 WHEEL LOADER – LARGE SERIES

- ▶ Economical four cylinder engine delivers up to 222 hp at 1100 rpm
- ▶ Operating weight 19,000 kg and tipping load 11,500 kg
- ▶ 234 L/min as standard, up to 350 bar operating pressure (Z-kinematics)
- ▶ SMART LOADING speeds up your loading cycles thanks to automated loading functions
- ▶ The efficient power train saves fuel
- ▶ DYNAMIC POWER generates up to 20% more thrust
- ▶ The CMATIC transmission ensures comfortable, continuous operation
- ▶ The cab supports you with smart functionalities and operating comfort

CLAAS SCORPION TELEHANDLER

THE STRONG ARM ON YOUR FARM

- ▶ Up to 8.8 m lift height
- ▶ Up to 6 t lifting capacity
- ▶ 136/156 hp Deutz Tier 3 engine options
- ▶ High hydraulic power 160 & 200 L/min LS pump options
- ▶ Four steering modes with automatic synchronisation
- ▶ SMART LOADING speeds up your loading cycles thanks to automated loading functions
- ▶ Automatic park brake
- ▶ Hand throttle & ground speed control
- ▶ Minimal greasing points thanks to a central system with the possibility to have full auto greasing system

NEW

AMAZONE ZG-TX

TRAILED COMBI SPREADER

- Flexible scope of operation for quicker and easier conversion between lime and fertiliser spreading
- Precise spread patterns with outstanding lateral distribution for fertiliser and lime thanks to the tried-and-tested TS spreading system and the newly developed spreading unit lime
- Maximum capacity for larger working widths
- Exact spread rate regulation in any field situation, FlowControl guarantees precise application rates from the first second irrespective of which side
- HeadlandControl provides perfect lateral distribution via wider spreading on the inside of the headland and parabolic switching of the part-width sections
- Perfect border spreading with AutoTS for fertiliser application; proven precision, maximum yield right up to the field boundary, and border spread deflector for lime; exact application right to the edge of the field

AMAZONE UF 02

MOUNTED SPRAYER

The compact AMAZONE UF mounted sprayer is characterised by its strong, robust construction yet lightweight, advanced and user-friendly design that caters for a wide range of farm sizes.

- Boom widths from 15 to 30 m
- Tank capacities from 1600 to 2000 L
- Super-S2 booms provide outstanding boom suspension and support AmaSwitch individual nozzle control
- DUS and DUS Pro Pressure recirculation systems for a continuous circulation of the spray liquid
- With FlowControl+ and FT 1502 front tank, capacity can be increased to 3500 L for even higher output

IN-STOCK AND READY TO WORK

AMAZONE UX

TRAILED SPRAYER

With its large tank capacity of up to 11200 litres, the AMAZONE UX trailed sprayer provides fast operating speeds for large field sizes and crops requiring high sprayer output and maximum efficiency for those requiring high application rates.

- Super-L2 sprayer booms in working widths from 21 to 40 m
- UX Special available in tank capacities of 3200, 4200 or 5200 L
- UX Super available in tank capacities of 4200, 5200, 6200, 7600, 8600 or 11200 L
- High-capacity, low maintenance piston diaphragm pumps deliver capacity up to 520 L/min
- Innovative boom features such as Flex-Folding, ContourControl and SwingStop provide superior boom ride
- Chemical Induction Hopper
- Pressure Fill & Self Fill Ready
